

Thanksgiving Dinner

Mike's father is a Principal who lives in seclusion deep in Kiwanis Park. The Principal has called his children together for a sumptuous meal; he is delighted for a chance to see them for the first time since the school year started.

The Principal has five children. The oldest is named Math. The second oldest is named Reading. The third oldest is named Science, and the fourth oldest is named English. What is the name of the Principal's youngest child?
